

## Foreword

This is just the beginning of the battle for the rehabilitation of the war widows. Like the obvious edge of the iceberg, I have attempted to highlight their problems concerning, emotional, psychological, social and financial rehabilitation. I could, at the limited time available to me, interview only about a 100 war widows of sailors and officers. One day with the help of Mrs Mohini Giri, who has promised all cooperation, I hope to visit as many war widows as possible and bring out a more comprehensive study.
