

Acknowledgments

I would first like to thank my dissertation guide **Dr Girish Kumar**, Faculty at the Indian Institute of Public Administration. He consistently allowed this paper to be my own work, but steered me in the right the direction whenever he thought I needed it.

I would also like to thank the experts at DISE, NUEPA Delhi for providing me the raw data of 14 lakh schools in India, which formed the basis of most of the analyses. Special thanks are due to:-

- Dr Arun C Mehta, Professor & Head, Department of Educational Management Information System.
- Ms Aparna Mukerjee, Project Consultant, NUEPA, who was instrumental in tailoring the raw data.

I am grateful to the officials, especially Ms Surbhi Jain, Director Elementary Education at MHRD and Mr Adil Rashid, Senior Consultant, SSA for their insights during discussions.

I would also like to acknowledge State Project Director, SSA Delhi and District Urban Resource Centre, East Delhi, for sharing their expert views and for the data on the Special Training Centres.

I am gratefully indebted to experts and activists from the NGOs, especially, Shri Ambrish Rai, Convener, RTE Forum, Ms Seema Rawat, CARE India and Shri Ranajit Bhattacharyya, ASER for their very valuable comments during discussions.

I would also like to show my gratitude to “anonymous” members of the blog and the on-line survey reviewers for their views and silence alike.
