

Chart No	Chart Title / Details	Page No
1.	Shale Well Production Output Declines with Time	30
2.	Source: U.S. EIA, Petroleum Supply Monthly and Drilling Productivity	38
3.	World Crude Demand In Million Barrels/Day	64
4.	World Liquid Fuel Production & Consumption Balance	65
5.	Chart 4: Global Dry Natural Gas Consumption In Billion Cubic Feet	66
6.	Cost of Production of Shale Oil in US & Canada	75
7.	Gas Prices In US After Increased Shale Gas Outputs	76
8.	Comparison of Natural Gas Prices by Country	78
9.	Chart 9: Comparison of Natural Gas Prices With Asian Gas Prices	78
10.	Chart 10: Shale Oil & Shale Gas as % of Total Oil & Gas Production	79
11.	Chart 11: US Total Oil Production by Type	80
12.	Global Oil Production by Type in 2013	80
13.	North American Oil Production	81
14.	Natural Gas Gross Withdrawals	82
15.	US Natural Gas Production Projections by Source in 'Reference Case' of the EIA Long Term Energy Outlook	82
16.	Indian Fossil Fuel Consumption	85
17.	Natural Gas Demand Supply Gap from 2012-13 to 2029-30	90
18.	India's Projected Crude Oil Consumption	91
19.	India's Crude Oil Projections	92

Chart No	Chart Title / Details	Page No
20.	Changing Import Reliance of Petroleum & Natural Gas	94
21.	Chart Showing International Gas Prices	95
22.	Change in National GDP in Oil Price Scenarios (Relative to Baseline)	97
23	Change in National Current Account Deficit in Oil Price Scenarios	99
24	Fiscal Breakeven Prices in 2015	104
25	Fiscal Balance of Oil Exporting Countries as % of GDP in 2012-19	104
26	World Oil Flows	109

Figure No	Details of the Figure	Page No
1.	Figure 1: Schematic Figure of Hydraulic Fracturing	26

Map No	Details of the Map	Page No
1.	Map Showing Shale Gas in the United States	33
2.	Source: Global Assessments of Shale Oil & Gas Basins	35
3.	Global Assessments of Shale Oil & Gas Formations	70
4.	Global Shale Reservoirs & Water Stress Map	71
5.	Indicative Landed prices of Gas by Location, Globally	77
6.	Trends in Global Oil Flows in 2012 – 2025	110
7.	Assessed Shale /Tight Oil & Gas Reserves in Billion Barrel Equivalent	112

Table No	Details of the Table	Page No
1.	Technically Recoverable Shale Oil & Gas Resources	36
2.	World Petroleum and Other Liquids Production	65
3.	Assessed Sector Wise Demand for Natural Gas of India	89
4.	Projected Source Wise Supply of Natural Gas 2012-13 to 2029-30	89
5.	Table Showing Increasing Non-OPEC Oil Supply	102
