

ACKNOWLEDGEMENTS

Writing acknowledgements is always the difficult part of any project. There are so many people to be thanked. I would like to begin by thanking Prof. Suresh Mishra, faculty at the Indian Institute of Public Administration, who agreed to act as my research supervisor despite his many other academic and professional commitments. His wisdom, knowledge, insightful comments and commitment to the highest standards inspired and motivated me. Thank you Sir.

I would also like to thank all the respondents to my survey, who took out time to fill in the questionnaire. Without their responses this work would have remained incomplete. Also, to be thanked are food safety experts with whom informal discussions were held during the course of this work. It helped in clearing lot of cobwebs in my mind to bring clarity.

I express my sincere gratitude to the Programme Directors, Prof. Sheela Reddy and Dr. Mamta Pathania for their encouragement, assistance and nudging from time to time to complete our tasks. My thanks are due to the administrative staff of APPPA office for providing logistical help and support.

I profusely thank my husband L. Madhu Nag and daughter Shravani for their unstinted support in all my endeavours, always! Also, thanks to my mother, Kiran Kotwal who was most concerned about my completing the dissertation on time and my mother-in-law, Lanka Subhadra for her quiet, inspirational strength.
