

ACKNOWLEDGEMENTS

I would like to express my sincere gratitude to my supervisor / guide, **Dr. Charru Malhotra**, Associate Professor (e-Governance and ICT), Indian Institute of Public Administration, New Delhi for her valuable advice, constant support and guidance in preparation for my dissertation. She was a source of inspiration and tremendous help for completing this dissertation. Her deep interest in research was inspiring. As a bureaucrat, reading takes a back seat and one is always busy pushing files. However, Dr. Charru has egged me on to read as widely as possible in the short time available for research and conduct a thorough primary survey. I cannot thank her enough.

I would like to convey my profound gratitude to **Department of Telecommunications** for nominating me for the 40th APPPA programme, which made it possible for me to pursue this research.

I am deeply indebted to **Prof. Suresh Mishra**, Programme Director, APPPA and **Dr. C. Sheela Reddy**, Programme Co-Director, APPPA for the constant support and untiring efforts in conducting the programme and also for their encouraging words throughout the programme. I am grateful to the **staff of APPPA office** who gave whole hearted support during the conduct of the programme and made the interaction during the course a memorable one.

I am extremely thankful to **Shri. Arvind Kumar**, Advisor, TRAI and **Shri. R. K. Choudhary**, Additional General Manager, BSNL Hq. for the help rendered by them in getting wider access to SMEs for getting their responses to the questionnaire.

The work would not have been possible without the unconditional support of my wife, Sarika and sons Shrish and Yash who encouraged me to plough ahead with all vigour and spirit to complete the work and put up patiently with me during the process of writing this dissertation and pursuing this programme.
