

ACKNOWLEDGEMENT

This work could be carried to fruition only due to clear cut thought process and mature guidance of Prof. Anil C. Ittyerah. His words of wisdom consistently cleared ambiguities with which this modest effort was besieged with from time to time. I express my profound gratitude to Prof. Anil C. Ittyerah for his contribution to this dissertation.

My sincere thanks are due to the Department of Food and Public Distribution as well as the Ministry of Environment and Forests for sponsoring me for the APPPA course.

The colleagues from Directorate of Sugar, Department of Food and Public Distribution were extremely helpful in providing data from time to time and I owe them heartfelt thanks.

My sincere thanks to the Administrative Staff of APPPA, IIPA for their positive and timely administrative support in compilation, completion and submission of this project.
