

ACKNOWLEDGEMENTS

I am also thankful and express my sincere gratitude to Prof Vinod K Sharma for his patient and mature guidance during my research and dissertation writing. It being a relatively new field his inputs was of great use in remaining focused during the research.

I have received valuable help from various avenues in this study. I am deeply indebted to Dr KJ Ramesh Scientist G, IMD and Advisor IMD for his valuable guidance and assistance. I am also thankful for giving me valuable inputs for drafting the chapter on Early Warning System for Cyclones, the core issue of this research. He was very magnanimous in giving me required data which would be available only with Met department.

I am extremely thankful to the former Executive Director of NIDM, Dr Satyendra Singh, for extending the facilities of NIDM library and also for valuable suggestions by way of the focused discussion based on the Questionnaire.

I must thank Prof Suresh Mishra and Dr Sheela C Reddy course directors 40 APPPA for their constant encouragement and support. Shri Vijay Kumar Sharma, Shri Manish Rawat, Shri Vinod Kumar Yadav and Shri Rajesh in the APPPA office for their unflinching support and were always ready to help with a smile on their face.

I also thank the Librarian Dr Usha Mujoo Munshi and her team for ever willingness to provide books an publication, at times getting it from other libraries.

Last but not the least, I would be failing in my duty if I don't thank my wife Priya Vinay and my sons Karthik Rao and Nikhil Rao, who have been a source of strength and continuous encouragement. I could not have done this research without their support.

I hope this research will be of use to policy makers in the realm of Disaster management and involved in designing an Early warning system for cyclone management.
