I am grateful to the Indian Institute of Public Administration and Department of Personnel and training, Government of India for giving me this opportunity to further enhance and enrich my skill set through participation in 35<sup>th</sup> APPPA. I have found the programme extremely useful and enlightening even after such long years of service. Our Director has been a great source of strength to me particularly at a phase when it I had to take up some additional assignment in addition to APPPA.

I would like to express my heartfelt gratitude to my guide Prof. Rakesh Gupta, who has always put me at ease, even in difficult circumstances, when I found the going tough. He has been extremely prompt in going through the manuscript word by word. In fact delays if any have been on my part. Prof. Nand Dhameja our Associate Course Director has been the inspiring spirit behind the study. The way he taught the subject of finance and Infrastructure management made me confident of choosing this topic, his guidance at crucial stages helped me to complete the study. My thanks are to Prof. Asha Kapur Mehta, the stream in charge who inspired me to take a subject closer to my heart rather than from area of work.

This study would not have been possible without the active guidance and support from officers of Ministry of Road Transport and Highways and NHAI. Shri P. K. Tripathi, JS Highways MoRTH; Shri Rajeev Yadav, Member Administration; Dr. J. N. Singh, Member Finance and my ex. Colleague from Ministry of Textiles; Mr. Suresh, GM Finance; and Mr. Vishnu Darbari GM Coordination from NHAI, provided valuable insights in NHAI's working and issues in implementation of NHDP. They were kind enough to give me access to papers, which would have been very difficult for an outsider to obtain.

Our course Director Prof. Dr. Sujata Singh and all the staff of APPPA office Shri Chawla, Shri Khurana, Smt. Alka, Shri Manish Rawat and Shri balkishan have been extremely supportive and helpful in these stressful times of meeting different deadlines.

My family has been a pillar of strength during this study. They have allowed me to work without any disturbance whatsoever and motivated me to work harder. My daughter Swati helped me out whenever I had problems with word or excel. Thanks for suffering me during this period.

All the errors and omissions in the study are of course entirely attributable to me.
